me: I decided it would be interesting to have a sort of charity trust fund overseen by the legislative body, so put in a brief thing about that in the Project PM network summary on True/Slant
me: but wanted to get your opinion on the whole thing
me: as I am notoriously deficient in knowledge of finance
me: whereas you seem to work for a bank
me: anywho, I'll e-mail the description, just give it a look-see when you have a moment and then we can meet up at some point
